June 2026

• Pratt Institute PreCollege - Industrial and Graphic Design

Summer 2025

• University of Pennsylvania - Penn Early Exploration Program (PEEP)

Summer 2025

Work Experience

Applied Machine Learning Researcher

May 2026 - Present

Algoverse AI

- Learning the foundations of Large Language Models and Machine Learning
- Driving impactful AI innovation through rigorous experimentation and collaborative machine learning research, uncovering LLM hallucinations.

Student Intern

September 2025 - May 2026

ACE Mentor Program of America, WSP

- Working with a team to revamp a NYC Basin into an aquarium that raises environmental awareness while providing recreational activities.
- Focused on graphic design and design of the overall aquarium structure.

Student Intern

November 2023 - June 2024,

November 2024 - May 2025

ACE Mentor Program of America, Ted Moudis Associates

- Gained fundamental skills in construction, engineering, design, and architecture.
- Collaborated with team members and heavily contributed to the design portion of a landmark building renovation project, revamping it into a community library that is accessible for all.

Activities

SecondAid - Emergency Preparedness Kits

November 2024 - Present

Founder and Designer

- Designed and distributed emergency preparedness kits to 250+ students and youth members of the Staten Island community, promoting safety awareness.
- Coordinated with local schools and nonprofit organizations to maximize outreach, and educate families on how to stay safe.

Boy Scouts of America

January 2018 - Present

Assistant Patrol Leader, Patrol Leader, Instructor

- Planned and volunteered community service projects, most notably, the Oakwood community Food Drive, which reached 2000+ households.
- Developed leadership, teamwork, and survival skills while mentoring younger scouts and taking on progressively more challenging troop responsibilities.

Logo Design for the Community

December 2024 - Present

Designer

• Created and refined logos for local nonprofit organizations and companies. Examples: NYC The Bridge (nonprofit), Asian Committee for Planning (nonprofit), G&Y HVAC Inc. (Private company). • Collaborated closely with clients to iterate concepts, incorporate feedback to ensure clarity, memorability, and aesthetic impact.	
AceAble - Tutor Club Founder and President • A student-led club that aims to minimize the language barriers present in Asian households, especially in elementary and middle school families. • Supported and engaged 300+ active families in the club, helping coordinate activities and provide tutoring resources.	February 2024 - May 2026
Office of the Staten Island Borough President Student Representative and Community Advocate • Represented student perspectives across Staten Island, emphasizing the importance of equitable education access. • Engaged with officials and community members to promote academic opportunity and inclusion.	September 2025 - June 2026
	June 2025 - July 2025

Design Projects

FlexiBowl • 3-in-1 tableware set with detachable handle and utensils, designed for versatility, portability, and sustainable daily usage.
ResQ Capsule • Compact emergency rescue device for vehicles, featuring an auto-inflating buoy, air filter, and window breaker for life-saving preparedness.
Meal Quest • Interactive educational plate that teaches children proper meal portions while incorporating playful elements (unlockable desert portion) to encourage healthy eating habits.
Arborspira • Autonomous solar-powered drones dispersing biodegradable seeds and pollen by utilizing samara-inspired seed pods, and electrostatic mechanism for pollen dispersion.
Relay • An app designed to help make dementia caretaking more organized and easier.

Awards, Honors, and Recognition

• Design MasterPrize [International] - Winner (Safety Design), 4x Honorable Mentions • NY Product Design Awards [International] - 3x Silver (Tableware, Vehicle Accessories, Kitchen Appliances and Accessories) • European Product Design Awards [International] - Winner (Industrial Product Design), Honorable Mention (Conceptual Product) • un Design Award [International] - 2x Gold and 2x Silver (Conceptual Product) • World Front Design Award [International] - Gold (Best Sustainable Healthcare Innovation), Silver (Best Consumer and Lifestyle Product) • Green Concept Award [International] - 1x Finalist • Eagle Scout [National]
